

Here is a specific list of items that the 503rd would like.

There are specific military tactical items that they want. If you can donate money towards the purchase of these or commit to an item (they are expensive) send me an email with an item that you would like to pledge an amount towards.

Items in **Red** they want the most. Items in **blue** they are ok with. Items in **Green** we will buy if you pledge. We have some money to kick in from fund raising, but we need some help. This is the stuff we are really good at getting to them. So let's do it!!!!
